Discover the people and events behind the coins in your pocket, and hear some surprising stories from history. On arrival, you will be greeted by one of the Visitor Hosts who will take you through security checks. Your experience starts in the Pre-Show area, where you will gain an introduction to The Royal Mint before making the short walk over to the factory experience. Following this you will be escorted to the self-guided interactive exhibition to explore six different zones at your own pace.

Tours must be booked through Red and Gold Events, before 31st August 2017. Visit date must take place before 31st December 2017.

All tours subject to availability, 5% discount to be taken off the above prices. Minimum group size is 15.

Current 'strike your own coin' is the new 12 sided £1 coin, not due into circulation until 28th March 2017. You can strike your own new £1 coin and take it home with you in a special presentation packet, before the coin officially goes into circulation if visiting before 28th March 2017.
